Jon,
I think the letter is ready for yours and Alan's review.

The letter looks pretty good to me. I added a sentence about the existing reg up front and made some minor changes throughout. The format follows the example provided in the Tribal Handbook.

Andrea,
Can you look at this?
Thanks.

I have no idea on the format, so I defer to the Tribal Handbook and Reid's interpretation.

In anticipation of the FR notice of the Subpart W proposal I drafted a letter to the Chairman of the Ute Mt. Ute requesting consultation. I used a template from the Tribal Handbook, but any comments you have would be appreciated. I assume that once the proposal is published we will have a short window to get this out. Thanks.
